Egypt Loan For Dam To Help Soviet

Nasser To Receive Russian Rubles To Begin Huge Project

By EDWIN SHANKE

CAIRO (AP) — The Soviet Union has agreed to lend the United Arab Republic 400 million rubles worth of materials and equipment to start Gamal Abdel Nasser's dream dam at Aswan on the Nile.

The credit, amounting to 100 million dollars by Soviet reckoning, was seen by some diplomats here today as the clincher in Moscow's economic penetration of the Middle East. It may mean Nasser has finally turned his back on the West, giving up any idea of serious economic cooperation or reconciliation with Western powers.

Dulles Withdrew Offer

The United States, Britain and the World Bank three years ago had offered to lend Egypt 270 million dollars for the \$1,300,000,000 dam in southern Egypt. Secretary of State Dulles abruptly withdrew the offer a year later after Egypt started buying arms from the Soviet bloc. Nasser in retaliation nationalized the Suez Canal.

The Soviet credit, announced by Premier Khrushchev in Moscow Thursday night, does not mean that the last hurdle to the starting of work on the vast project has been cleared.

The proposed dam 600 miles south of Cairo would flood miles of territory across the border in Sudan and would displace at least 50,000 Sudanese. The Sudan government, through whose territory the Nile flows before it reaches Egypt, has not agreed to this new use of the waters, and Sudan has a plan of its own for a system of dams farther south to develop thousands of acres of cotton land.

If Egypt goes ahead with the Aswan project without Sudan's consent, a new international crisis could be touched off.

The Soviet credit marks a turn in policy by both Nasser and Khrushchev. Before the Western powers canceled their offer of financing the Soviet Union was reported to have offered to help build the dam. Later the Russians announced they were not interested, preferring to help with projects which would show more immediate results.

Lake Would Be Largest

When he nationalized the Suez Canal, Nasser declared Egypt would build the dam from her own resources and would use the revenue from the canal for the necessary foreign exchange.

The dam would be 300 feet high, three miles long and would create the world's largest man-made lake. It would irrigate 1,400,000 parched acres, increasing Egypt's cultivated area by 16 per cent, and would produce 10 billion kilowatts of electricity annually to pump water, light homes and turn factory wheels. It would take about 75 years to complete.

Stoppage Slated For Trans World

KANSAS CITY, Mo. (UPI) — About 6,700 employees who service domestic and international flights of Trans World Airlines will go on strike Oct. 31, the International Association of Machinists has announced.

The union said Thursday the strike was set after 14 months of negotiations failed to bring agreement. Principal issues involved consolidation of several work classifications and re-evaluation of several work functions.

On the Pacific Coast Exchange, still open then, stocks dipped slightly.

The discount rate has been changed five times this year. The first three moves, during the recession, were downward. On Aug. 15 the rate was increased to 2 per cent from its recession low of 1 1/4 per cent.

Dulles Gives Trip Report To President

WASHINGTON (AP) — Secretary of State Dulles reports to President Eisenhower today on the prospects for war or peace which he found during a three-day conference on Formosa.

The answer, he told newsmen, is "up to the Communists, who are aggressive." He added: "I cannot read their minds."

Landing here shortly after midnight, Dulles said in a brief airport statement that his consultations with Nationalist Chinese President Chiang Kai-shek had been "eminently satisfactory."

He praised the Chinese Nationalists as being among this country's staunch allies without which, he said, the United States would be in a desperate position of Communist encirclement.

Dulles was reported by informed officials to have obtained from Chiang a conditional promise to cut his forces on the Quemoy and Matsu islands. The conditions were that he get more modern weapons and that the Chinese Communists institute a long-term cease-fire.

Dulles himself declined to discuss the reports.

The Red Chinese have refused thus far to make any agreement regarding a halt to their artillery barrages on Quemoy, the Nationalist-held island just off the China mainland.

There was short-lived speculation the Quemoy war might be entering an unproclaimed ceasefire when Communist guns remained silent Thursday. However, Taipei dispatches said shelling resumed today.

Three Killed In Roof Fall

SHIPPINGPORT, Pa. (UPI) — The roof of a mine tunnel collapsed, Thursday killing three men working in a small mine near here.

The dead included John Call Jr., 19, Aliquippa, son of the mine owner.

Other victims of the cave-in were Dale Haskell, 25, Monaca Heights, and his brother, Ellwood, 28.

The elder Call, who purchased the mine recently, discovered the collapse about 100 feet from the tunnel entrance when he returned from coal deliveries.

Shells Explode In Freight Car

RIFLE, Colo. (AP) — A freight car filled with deadly eight-inch howitzer shells blew up in DeBeque Canyon several miles west of here Thursday. The explosion was heard for miles.

A Denver & Rio Grande Western Railroad spokesman said the blast "was caused by sparks from a broken journal."

No one was injured on the 68-car train. Some unexploded shells were scattered along the track, and streamliners were delayed until late afternoon. A four-man demolition team from the Rocky Mountain Arsenal near Denver moved to the explosion scene to remove unexploded shells.

Fair Weather Seen In Area

BALTIMORE (AP) — Five-day forecast: Temperatures are expected to average four degrees above normal. Mostly sunny and cooler Saturday, fair and cooler Sunday, and warming the beginning of the week with little or no precipitation for the period. Normal highs are 58 to 65. Lows vary from the 30s Cumberland westward to the 40s in other sections.

Pontiff Vote Set To Start In Holy City

VATICAN CITY (AP) — Preparations were nearly completed today for the conclave that will elect a new Pope of the Roman Catholic Church.

Scores of carpenters and masons put final touches to temporary walls and enclosures that will shut off the electing cardinals from the outside world beginning Saturday.

In a corner of the famous Sixtine Chapel, where the cardinals will vote, a shiny, pot-bellied stove was ready to burn their ballots.

In St. Peter's Square workmen cleaned the famous Bernini fountains and prepared the area for the throng that will gather there while the voting is in progress.

The cardinals gathered for the conclave held a final congregation to make their last arrangements. Saturday morning they will gather in St. Peter's Basilica for a "Mass of the Holy Spirit," a service specially intended to beseech divine guidance during the conclave.

Fifty-two of the 54 living cardinals are in Rome and expected to attend the conclave.

Strauss Slated For Weeks Post

NEW YORK (AP) — Dow Jones, the Wall Street Journal business news service, said today Secretary of Commerce Sinclair Weeks had resigned or would resign shortly.

It said the resignation might be announced officially later today. The service said Adm. Lewis Strauss, who recently resigned as chairman of the Atomic Energy Commission, had been chosen as Weeks' successor.

Surgery For Stroke Treatment Is Shown

SAN FRANCISCO (AP) — An operation described by its originators as offering a way of successfully treating some kinds of stroke was reported today.

Stroke is a paralysis of some body function, such as sight, speech or movement. It is due to the stoppage of the blood supply to a certain part of the brain, usually because of a clot. When it hits the part of the brain governing breathing, the result is often fatal.

Medical science up to now has been able to achieve little toward undoing the damage by stroke, the results, Dr. Michael E. Deane and the outlook for curative treatment has been a dismal one, Dr. George C. Morris Jr. said.

But a large percentage of the strokes occur in arteries in the neck leading to the brain, not to little arteries in the brain itself. These trouble spots in the neck can be reached handily by surgery, they said.

Results of 67 of these neck operations on 50 patients were reported to the American Heart Association by a surgical team from Baylor University, Houston, Texas. The team was made up of Dr. E. Stanley Crawford, who reported the results, Dr. Michael E. Deane, and the outlook for curative treatment has been a dismal one, Dr. George C. Morris Jr. said.

Gas Blocks Efforts To Reach Men

80 Reported Safe, One Known Dead In Canadian Disaster

SPRINGHILL, N.S. (AP) — A violent shift of rock in the depths of a coal mine today trapped 91 men, six of them supervisors. Hope of rescue grew dimmer by the hour.

Eighty miners had reached safety. One body was recovered. A company spokesman belatedly announced that six supervisors were with 85 men still trapped hours after tons of rock and coal had tumbled down from tunnel roofs, choking the passageways.

After talking with the rescued men, Arnold Patterson, a coal company spokesman, said: "The situation is not encouraging. It looks pretty grim. We are hopeful, of course."

A company official said a barrier of gas prevented rescue crew from reaching 55 of the men who had been working 13,000 feet from the pithead. The others were believed scattered in other parts of the mine.

Survivors Trickle Out

Through the night and into the morning, survivors trickled out of the mine portal and through lines of waiting, anxious relatives.

Some of the survivors were injured and had to be helped or carried out by rescue crews.

A silent crowd shivered in a cold drizzle through the night as five-man teams of draegermen—volunteer mine rescue workers—cleared rock and debris from dust-choked tunnels.

The draegermen wore respirators. One of the first survivors to come out said the "bump"—the miners' name for underground rock shifts of explosive force—had smashed the mine ventilation system and pockets of deadly gas were forming.

The mine is the No. 2 colliery of the Cumberland Railway and Coal Co., a subsidiary of the Dominion Steel and Coal Corp. Cumberland No. 2 adjoins the now-closed Cumberland No. 4, where an explosion and gas killed 39 persons in November 1956.

The worst mine accident in this town of 7,000 near the New Brunswick border was an explosion in 1891 that killed 125. Canada's worst mine disaster was at Hillcrest, Alta., in 1941, when 193 were killed.

Houses Are Shaken

The bump occurred at 8:05 p.m. Dishes tumbled from shelves in Springhill and houses also shook 14 miles away in Maccan. Veteran miners called it the worst in memory. Six smaller bumps between last March and Sept. 1 injured 14 men. The cause of bumps often is undetermined.

The mine slopes to a depth of 4,400 feet underground in a length of 14,300 feet, sometimes descending as steeply as 45 degrees. The company considers it North America's deepest coal pit.

The son of one trapped miner, Gary Embree, said he hoped that "after this they close the mine for good—even if it means the end of Springhill."

Mayor Ralph Gilroy agreed this might be the end. The No. 2 colliery was the only mine left open.

A reporter from Halifax was killed when his car crashed at Truro as he hurried to Springhill. He was John Thompson, 28.

The first of the 88 miners to reach safety in 1956, Charlie Burton, was among the missing today. Frank Hunter, another of the 88, also was trapped and so was his twin brother Fred, but another brother, Percy, got out unhurt.

Ernest Spence lost his son in the 1956 explosion. Spence himself was missing this time.

Presley Stays From Stage At Show In Reich

FRANKFURT, Germany (UPI) — American rock 'n' roll star Elvis Presley did everything but walk out on the stage Thursday night. Police held him back, leaving a riot.

Presley turned up unexpectedly at the premier performance in a movie house here of rock 'n' roller Bill Haley, who was opening an 11-performance tour of Germany.

Elvis whistled, hummed stamped his feet and even did a few of the gyrations which have become his trademark—but all in the wings. The audience never saw him.

Chinese Reds Again Batter Chiang Isles

Nationalist Guns Return Fire When Brief Lull Broken

TAIPEI, Formosa (AP) — The Chinese Communists resumed their artillery attacks on the Quemoy islands today after an unexpected 23-hour lull.

The Nationalists, equipped with eight-inch howitzers and other guns brought in during the two-week cease-fire, hit back.

The Red guns, silent since noon Thursday, started blazing again at 11 a.m.

The Communists first directed their fire against Little Quemoy, and the nearby Tan islands, then extended it to Quemoy, largest fortress of the Nationalist offshore islands.

Associated Press correspondent David Lancashire reported from Quemoy that with the halt in the Red attack Thursday, Quemoy City had come to life for the first time since the cease-fire ended Monday.

Shops opened and streets filled with civilians and soldiers. A wedding party with a brass band blared gaily past.

At the first new explosions, shutters went up hurriedly and the street crowds hurried to shelter.

Nationalist quarters claimed that Quemoy's defenders since Monday have inflicted more punishment than they have received. They said the island's guns had destroyed 43 Communist guns, blown up 12 ammunition dumps, destroyed a motor pool housing 45 trucks and smashed one gun emplacement.

Soviet Cites Dulles Stunt

LONDON (AP) — Moscow Radio today called Secretary of State Dulles' talks in Formosa an electioneering stunt that heralded no change in U.S. Far East policy.

In the communique issued by Dulles and President Chiang Kai-shek the "United States" declared its intention to continue interfering in China's domestic affairs and helping provocation of the Nationalists," the broadcast said.

If the United States really wanted to change its policy, there would have been no need for Dulles to fly to the Far East, the broadcast said.

"It would have been enough for Washington to give orders to its armed forces to stop interfering in China's civil war," the English language broadcast said.

Father Of A-Sub Gets Promotion Backers Sought

WASHINGTON (AP) — Rear Adm. Hyman Rickover, pioneer in the atomic submarine field, is getting the promotion his congressional backers have demanded.

The White House announced that Rickover has been upped to vice admiral, subject to Senate approval next year. His new three-star rank is to be effective while Rickover heads the Atomic Energy Commission's naval reactors branch.

Credited with fostering the nation's first nuclear submarine, Rickover has been a center of controversy from time to time during his career. Some of this controversy has stemmed from his reported readiness to brush aside Navy red tape in order to further the nuclear sub program.

Civil Rights Board Sets Dixie Hearing

WASHINGTON (AP) — A Civil Rights Commission plan to hold a voting rights hearing in Alabama has brought a state official's charge it is politically inspired.

The hearing is set for Dec. 8 in Montgomery, the state capital. It will be the first held by the commission since its creation by Congress last year.

The session may provide a key test of the commission's power to dig out information on complaints by Negroes and others that they are being denied the right to vote.

Acting on advice of Alabama Atty. Gen. John Patterson, officials of the Macon County Voter Registration Board earlier this week refused to allow commission investigators to examine its records.

Commission Vice Chairman Robert G. Storey was asked whether the Macon County records would be subpoenaed. Storey, dean of the Southern Methodist University Law School, replied it would seem to be necessary to have the full record dealing with the controversy.

In Montgomery, Patterson—who is the Democratic nominee for governor—said the commission announced the hearing to "create an atmosphere to get some Republican votes in the coming congressional elections." These elections will be held Nov. 4.

Meanwhile, E. V. Livingston, chairman of the Macon County Registration Board, said he was determined to withhold records from the commission "until Mr. Patterson tells me to do otherwise."

In other actions at its meeting Thursday, the commission authorized:

1. Further investigations of alleged denial of voting rights in Mississippi and Florida.
2. A preliminary survey of a similar allegation, this one based on national origin, in a Northern state which Commission Chairman John A. Hannah refused to identify.
3. A fact-finding hearing on housing, to start in New York Feb. 2. Commission officials said this was not based on any complaints.

Discount Rate Boost By FRS Is Expected To Tighten Credit

WASHINGTON (AP) — A new increase in the Federal Reserve System's discount rate goes into effect today. Financial circles doubt it will have any major impact on other interest charges.

The Federal Reserve Board announced late Thursday that the discount rate would be increased to 2 1/2 per cent in 5 of the 12 reserve districts — Philadelphia, Minneapolis, Richmond, St. Louis and Dallas. Other districts will maintain the old 2 per cent rate.

Controversy has stemmed from his reported readiness to brush aside Navy red tape in order to further the nuclear sub program. A hike in the discount, or interest charged when member banks borrow money from the reserve system, usually is intended to tighten credit and fight inflation.

A board spokesman indicated this latest increase—the second in about two months—was based on another consideration: a desire by the board to bring the rate closer into line with other short-term interest charges.

The spokesman noted that the gap between the 2 per cent discount rate and the current 2 1/2 per cent yield on 91-day Treasury bills was unusual. The board normally keeps the discount rate higher than the bill rate, to discourage banks from borrowing to buy bills.

Wall Streeters said the increase had been expected and that market prices had adjusted to it in advance. One bond expert said the increase might give an upward jolt to short-term rates. However, he said this would be only temporary, and should not affect intermediate and long-term bond issues. New York markets were closed when the announcement came.

On the Pacific Coast Exchange, still open then, stocks dipped slightly.

The discount rate has been changed five times this year. The first three moves, during the recession, were downward. On Aug. 15 the rate was increased to 2 per cent from its recession low of 1 1/4 per cent.

MILES CITY, Mont. (AP)—Two Minnesota hunters and one from Wyoming still were missing today in the snow-gripped mountains of southern Montana.

Hope for survival of the three hunters was dwindling rapidly.

Man Rescued After 5 Days Aboard Raft

ST. PETERSBURG, Fla. (AP)—A sea-weary fisherman reached safely today after five days afloat on a yellow raft, the last 24 hours with his dead skipper.

Alvin Turner was reported in generally good condition at Mound Park Hospital where he was taken for observation.

Rescue came too late for the captain of the Virginia Mae, Frank Devane. He died 24 hours before the fishing boat Jackie C. Williams, 72, Belgrade, Mont.

Petersburg in the Gulf of Mexico. The Coast Guard cutter Menominee docked this morning with the Turner. The Jackie C. took Devane's body to Tampa.

Lt. Cmdr. W. G. Patridge, skipper of the Menominee, said the Virginia Mae had broken up and sunk Saturday night during a storm.

Turner told Patridge the raft carried no food or water. They subsisted, he said, by catching fish with their hands.

The 50-foot diesel-powered craft was last seen Saturday afternoon about 80 miles off Cedar Key, headed northwest for Steinhat, chee, the men's home, with 1,900 pounds of fish caught in the Gulf.

The raft was spotted about 90 miles south of that point by a search plane. The Coast Guard directed the two fishing boats to the scene.

Husband Dies, Wife Follows

SALT LAKE CITY (AP)—Mr. and Mrs. J. C. Jacobs were giving a dinner party for their daughter and son-in-law.

During the meal, Jacobs suffered a heart attack and died.

"I want to go too. I can't live without him," his wife sobbed as her daughter tried to comfort her. Then Mrs. Jacobs collapsed and within minutes, she was dead.

The couple, both 70, had been married 47 years.

Lion Shot After Woman Injured

POMONA, Calif. (AP)—An African lion broke and gashed a woman's arm when she reached into its cage to pet it.

The beast was shot to death Thursday by its owner when blows with a two-by-four failed to make it release Mrs. Mary Somerville's arm.

Mrs. Somerville and friends had gone to the home of Jack Wilder to see his lion. Wilder is starting a zoo for children in nearby Chino.

Angler Claims Tiniest Tarpon

BROWNSVILLE, Tex. (AP)—Most fishermen brag about the big fish they catch.

But Hal Roche believes he caught the world's smallest tarpon. The fish was 4 1/4 inches long and weighed three ounces.

Local sportsmen said they could not remember a tarpon that small being caught on a line before. Most are measured in feet.

Roche said he was going to have the fish mounted.

Ex-Guard Asks For Back Pay 58 Years Ago

DES MOINES, Iowa (UPI)—Back in 1900, James Logan put in eight days of National Guard training at Red Oak, Iowa.

Logan, a farmer, and 80 years old now, said Thursday he never got paid for the training stint.

The prevailing rate, he said, was 30 cents per day.

So, Logan demanded \$4 plus interest from Iowa.

"When the training period was over, our unit commander told us to stack arms and go home where we could collect our pay," Logan said.

"We haven't heard from him since," Logan complained.

Eight Enlist In Army Here

Local Army recruiters have enlisted eight area men.

Prince Shiv Has No Plan To See Star

NAPLES, Italy (AP)—Indian Prince Shiv said Thursday night he is going home with his maharajah father and has no plans to see actress Eva Bartok right away.

Miss Bartok flew from London to France Thursday saying she hoped to see the prince.

"I have no comment about Miss Bartok," he told reporters. "I know she is on her way to the French Riviera to make a film. But we won't see each other. We have no appointment to meet."

Asked whether he is engaged to Miss Bartok, the 27-year-old playboy prince said: "No comment."

Miss Bartok's press agent said she was in London Monday that she was unofficially engaged to the prince. The prince reportedly sped here Friday, November 7, at the La to see his father about marrying her.

Prince Shiv said: "I will leave Naples with my father Oct. 31, aboard the Victoria for India, to return home to Palitana."

Before this, the prince denied any romantic links with Jane Buckingham, the London model, who was killed on her way to win him from Miss Bartok.

He said he had known Miss Buckingham and was shocked to hear of her death. He said he had danced with her several times "and we got along together very well."

Union Leader Opposes Plan Proposed By Westinghouse

WASHINGTON (UPI)—A labor union leader has asked the Securities & Exchange Commission (SEC) to prevent a stock savings plan proposed by Westinghouse Corp. from going into effect.

The request was made by James B. Carey, president of the International Union of Electrical Workers. He said Thursday the description of the Westinghouse plan filed with the SEC was misleading.

Carey said the workers who were asked to participate in the plan would lose benefits worth 14 cents an hour while the plan would cost the company less than 10 cents an hour per worker. He said the company did not

reveal it could profit by purchasing stock with employees' money.

Mine Owner Expires At 93 In New York

NEW YORK (AP)—Louis E. Whitcher, 93, once the owner of what may have been the richest gold mine in North America, died Wednesday. Whitcher in 1944 acquired the Candelaria gold mine in Mexico's Sierra Madre country for \$1,255,000. It was said to have had an output at one time of gold worth more than a million dollars a year.

WILL SPEAK HERE—Bishop J. G. Howard, East Central Area, Pittsburgh, will speak at the 10 a.m. services Sunday at First Evangelical United Brethren Church which is observing its 50th anniversary this week.

Schools Plan Events

National Catholic Youth Week will be observed by a series of activities sponsored by the students of the local Catholic high schools.

The joint activity will begin Sunday with the students of St. Mary's, Girls Central, Ursuline Academy and LaSalle high schools attending mass and communion at their respective churches.

The religious services will include the recitation of the rosary at each of the four schools. Monday the rosary will be recited at Ursuline Academy, Tuesday at St. Mary's, Wednesday at Girls Central, and Thursday at LaSalle.

Mass will be celebrated Friday at 11 a. m. at St. Patrick's Church by Rev. James C. Donahue, assistant superintendent of schools for the Baltimore Archdiocese. The mass will be held for students of all the schools.

Rev. John U. Lyness, assistant pastor of St. Patrick's Church, will visit each school during the week and address the student body.

Social events during the week will include a dance Wednesday night at St. Patrick's social center sponsored by Girls Central. The Sisters of Notre Dame also are sponsoring a book fair next week in the social center at St. Patrick's.

The junior class at LaSalle will sponsor a "Harvest Hop" Saturday night in Carroll Hall.

Postal rates between Washington, D. C., and the West Coast on the Overland Mail in 1858, was 10 cents a letter. Passenger fare was \$200.

CARDINAL ARRIVES—Thomas Cardinal Tien, exiled from Red China, is assisted from plane at Rome's Ciampino airport on arrival yesterday to participate in election of the new Pope. The 68-year-old cardinal, who's right arm is in a cast as a result of injury suffered in auto accident in West Germany, was the last to arrive of the 52 cardinals who will meet in conclave starting tomorrow. Auxiliary List Project

The Ladies Auxiliary of District 16 Fire Department discussed purchasing a freezer for the kitchen at its meeting Monday at the fire hall. The auxiliary will also serve suppers on the second Thursdays of the month, as a project. Mrs. Inez Martin was named chairman for the supper to be held November 13.

As a project for the disabled firemen of Maryland, black-eyed Susans were sold during the evening.

Mrs. Sally Wright was welcomed as a member.

Refreshments were served by the hostess Mrs. Madeline Adams and co-hostess Mrs. Peg Sisler at the close of the meeting.

The group will hold its next meeting November 3 at 7:30 p.m.

Opti-Mrs. Club Votes Donation

The Opti-Mrs. Club will hold a Christmas dance jointly with the Optimist Club. It was announced at the meeting Wednesday night at the Fort Cumberland Hotel. The club voted a donation of \$25 to the United Fund and also decided to meet the third Wednesday of every month at the hotel. Mrs. George Fey Jr. presided.

Concluding the meeting a toy demonstration was held by Mr. and Mrs. Thomas Wilhelm. Special prizes were awarded to Mrs. Byron Kight, Mrs. Anthony McKenzie, Mrs. Mary House and Mrs. James Bishop. Refreshments were served. Mrs. James Honeycutt, Mrs. Wilbur Klinger, Mrs. George Eyley and Mrs. Philmore Fleming were hostesses.

Argentina's railroad system of 27,000 miles is state owned.

Social Hour Follows LD Class Meet

The Loyal Daughters Bible Class of Kingsley Methodist Church held a social following its meeting in the social room of the church. Mrs. Rhea Bolinger and Mrs. Hazel Shade were hostesses.

Mrs. Ethel Simmons presided and led the devotional, assisted by Mrs. Thelma Minke. Mrs. Simmons appointed Mrs. Olive Nichols and Mrs. Mamie Hinkle to serve on the nominating committee for the coming election.

After the business session games were played and prizes were won by Mrs. Minke, Mrs. Adelaide Messman and Mrs. Alma Curry.

Mr. and Mrs. Henry To Observe Golden Wedding

Mr. and Mrs. Emmitt C. Henry of Oldtown will mark their 50th wedding anniversary tomorrow with open house from 2 until 4 and 7 until 9 p.m. No invitations have been sent out but all friends and relatives are welcome to attend.

The couple was married October 25, 1908, by the late Rev. Halpenny in the Methodist parsonage in Flintstone. Mrs. Henry is the former Miss Callie Twigg, daughter of the late Mr. and Mrs. James Twigg, Oldtown. Mr. Henry is the son of the late Mr. and Mrs. Albert Henry, also of Oldtown.

They have four children, Clarence, Misses Ethel and Elsie, all of Cumberland, and Harry L. of Philadelphia, and four grandchildren. Mr. Henry is a retired employee of the Celanese Corporation.

A rummage sale will be held tomorrow at the American Legion Home from 11 a.m. until 4 p.m. The proceeds are for the benefit of the junior group of the Legion Unit.

Dianna Deffibaugh, daughter of Mr. and Mrs. Thorner Deffibaugh, Braddock Farms, is a medical patient in Sacred Heart Hospital.

Roscoe Radcliffe, Potomac Heights, Ridgeley, is a patient in Memorial Hospital.

McKinley Chapter, OES, Receives Grand Officers

McKinley Chapter 12, Order of the Eastern Star, met in Masonic Temple to receive the officers of the Grand Chapter of Maryland, a recent evening. Mrs. Rebecca A. Duff, worthy matron, and Donald G. Paulman, worthy patron, presided.

Mrs. Rosalie H. Jubb, worthy grand matron, and Arthur Young Jr., worthy patron, were accompanied by Glen C. Haynes, associate grand patron, Mrs. Mildred S. "I just can't say enough for Blue Cross!"

says Harry E. Hall, Driver, Harry T. Campbell Sons' Corp., Towson

"It was a fortunate thing for me that our company, the Harry T. Campbell Sons' Corp., decided to provide its employees with a Blue Cross program. My wife and I have been subscribers for a long time, but until recently, when she was hospitalized, I guess we never really appreciated Blue Cross. Believe me, I just can't say enough for Blue Cross now! Without it, that hospital bill would have been a real setback to us. And what's more, I didn't have to get involved in filing claims; Blue Cross handled the whole thing direct with the Hospital."

Blue Cross provides care rather than cash, paying the hospital directly for services covered by your membership. Ask your employer how you can join. Or call the Blue Cross office listed in your telephone directory.

Khrushchev Agile; Still In Control

By ROY ESSOYAN
Associated Press Staff Writer

Nikita S. Khrushchev, head of the Soviet party and government, is a man of tremendous agility. He has a seemingly tireless energy, wide ranging ability and that all-important Communist knack of knowing when to jump.

He has made more enemies in Russia in the last few years than any other Soviet leader except Stalin. But so far he is still in complete control.

His control has been challenged. But when he can't lick them he joins them. Most of the time he's managed to lick them.

He uses no terror in the Stalin pattern. His enemies are still alive.

His agility vaulted him to the top in the scramble after Stalin's death, and has kept him at the top despite blunders and reverses that would have felled a less nimble man.

Khrushchev has played many roles since he came to power. His early characterizations were popular.

When he played the clown the Russians roared. They laughed at him but in their way they loved him, made up anecdotes about him and slapped their thighs.

Then in February 1956 he denounced Stalin and a hush fell over the land, broken only by the cooing sing-song of orators and party agitators rallying the masses.

After 30 years of Stalinism the new line was hard to swallow whole. As the people slowly digested it a new excitement stirred the country.

It stirred the people of Poland and Hungary even more. They rioted in Poznan, revolted in Hungary.

Khrushchev reared back. At a New Year's banquet in the Kremlin's gold and marble St.

George's Hall, Khrushchev announced that Stalin was a great man after all.

The cynics smiled. "We knew it all the time," they said. And Khrushchev even joked about it and the people laughed.

They fell a little silent again in June and October 1957 when he started purging his onetime partners in the Kremlin. For a spell the ghost of Stalin seemed about to rise in earnest.

But the crisis passed and Khrushchev bounced back to clown again. The Russians started to laugh again, but now they listened more seriously, for Khrushchev was obviously a very serious man.

People who saw him right after what is generally considered to be his latest reversal—when he returned from Peiping and switched signals on the East-West summit conference he had been fervently espousing—said he looked gray and shaken.

But they said he has bounced right back and, never idle or timid, has ordered a complete overhaul of the Soviet education system.

The plan is far from popular with the Russians. But neither was his original "virgin lands" development program, nor his drastic decentralization of industrial and economic management, nor his decision to abolish machine-tractor stations and set up a new pricing system for agriculture produce.

Each of Khrushchev's purges and programs has created enemies—among the so-called Stalinists, the hard-core Marxists, the intellectuals, in management, in the army and now even within the ranks of settled, middle-class Soviet parents.

Can a man with so many enemies survive in Russia?

Interestingly enough, every time Khrushchev has made a new set of enemies, people not directly affected have felt he was acting in the best interests of the country. For though he can quote the Marxist scriptures better than most, Khrushchev is essentially a practical man.

Compulsory Price Tag On Car Gets Customer Okeh

WASHINGTON (UPI) — The National Automobile Association has said customer reaction has been "universally favorable" to compulsory price tags on new cars.

The association's executive committee, opening a three-day meeting here Thursday, said the requirement that manufacturers' suggested retail prices be tagged on each new car was "helping restore customer confidence."

Art Of Space-Saving Well-Developed By Japanese

By GAY PAULEY
TOKYO (UPI) — Space-saving is such a well-developed art in Japan that even pinball machines are miniature.

Apparently the technique of making every square inch count developed from necessity — this island country with an area no larger than California has a population of 90 million. But some of the household space-savers might well be adapted in those small homes builders are putting up in the United States.

No Japanese house is stuffed with furniture, so even a tiny house has the spacious look. Cushions on the floor take the place of chairs and sofa, and are stowed when not in use. Even the

pillowed-back support which some homemakers use with the cushions fold and tuck away.

Beds just aren't. The Japanese sleep on "futon", or padding, which at night is spread on the "tatami," or woven straw floor covering. In the daytime, the futon goes into the closet.

Sliding doors help the home-scrab, called "feroshuki", and tie maker make the most of space. In it, hobo fashion, more than open, an area becomes one huge room, but with the doors closed, it becomes two or three rooms. To save space, there are narrow gauge railways all over Japan through root pruning and branch shaping from the seedling stage. And a Japanese woman can grow no more than potted plant open a square cotton or silk size.

Scholarship Sources Aid 30 Potomac State Students

KEYSER — Thirty students are attending college at Potomac State College this year through the benefits of some 13 sources of scholarship assistance. A few others have received direct cash awards.

The college committee on scholarships each spring processes applications for the following grants: Board of Governors, faculty, Stanley Benedum and alumni. Norman E. Rodgers, chairman, was assisted by the following who served with him the past year: Miss Margaret E. Rafter, Miss Flora J. Pfost and Robert E. Whittlach. This committee bases selection on scholastic excellence, results of aptitude tests, financial need and geographical distribution.

Several other scholarships are granted directly by the source named. Following are the scholarships and their recipients:

Board of Governors: (A two-year grant covering enrollment fees, provided by the Board of Governors of West Virginia University to graduates of state high schools) Sophomores — Louise Pyles, pre-education, Keyser; Shirley Calhoun, psychology, Terra Alta; Eston T. Leatherman, vocational agriculture, Keyser; Leah R. Ross, pre-education, Piedmont; Estel L. Sites, vocational agriculture, Dorcas.

Freshmen — Colleen Davis, journalism, Keyser; Jo Ann Snyder, pre-education, Petersburg; Patricia Ann Elrod, pre-education, Piedmont; Dixie D. Shaffer, medical secretarial, Keyser; George E. Sutton, business, Pickens; James M. Wilcox, engineering, Keyser; and Frederick Lee Riley, music, Keyser.

Faculty — (An annual \$150 scholarship for two years, given by the college faculty) Freshman, Elizabeth Ann Weimer, pre-education, Petersburg; sophomore, Roberta Sue Karickhoff, pre-education, Philippi.

Benedum — (Scholarships worth \$250 each, provided by the Claude

Group Shown Dial System At Frostburg

FROSTBURG — Miss Amanda Bowman, educational representative of the Chesapeake and Potomac Telephone Company, Baltimore, demonstrated the use of the dial telephone system to a group of teachers at Beall Elementary School Wednesday morning.

Miss Bowman's demonstration consisted of Sixth Grade pupils using the dial phones hooked up to a sound system and the conversation recorded was played back for discussion.

Miss Bowman pointed out that in a world that has adopted the telephone as an essential tool to carry on business, a working knowledge of its use is essential. It is therefore necessary, she said, for children to know the practical use of the telephone.

The following schools of the area were represented by Jane Harrison and Lillian Hamilton, Eckhart; Norma Nelson and Veronica Steeman, Hill Street; Lloyd Marshall, Anetta Gerson and Charlotte Folk, Cresaptown; Max Lloyd and John Elliot, Mt. Royal; Evelyn Poland and Agnes Aldridge, Mt. Savage; and Virginia Neff, Ann Thomas, Myra Taylor.

Oldtown School Will Mark American Education Week

OLDTOWN—The Oldtown Parent-Teacher Association held its first meeting of the school year Tuesday night. Dorothy Platt led devotions and the flag salute. Group singing was conducted by Miss Carole Reith, music chairman.

New teachers introduced were Mrs. Leah Bohrer, Mrs. Alice Harris and Miss Jeanette Hicks. The first award for having the highest percentage of parents present was won by Elmer Durr's homeroom, and second highest went to Miss McGinn's and Miss Niek's Tenth Grade. The group agreed to improve the public address system in the auditorium.

The president, Norval W. Twigg, announced that school visitation will be held November 13, from noon to 3:15 p. m. in observ-

Slate Fall Kills Three

KINGWOOD, W. Va. (UPI)—Three miners were killed and another injured Thursday in a slate fall at a small coal mine near here.

Leonard Bolinger, 30, Lewis Rager, 35, and Lawrence Turner, 35, all of Kingwood, died in the cave-in near the working face of the mine. Turner was the son of the mine operator, J. Wesley Turner.

Clayton Eagle was injured seriously. The victims were survived by 17 dependents, nine of them Rager's.

Volunteers worked two and a half hours to recover the bodies 900 feet back in the mine tunnel. The accident occurred in a conveyor section of the mine near the working face where coal is dug and placed on conveyors. Three other employees of the mine escaped injury.

Garrett County Natural Gas Output Shows Drop

OAKLAND — Natural gas production in Garrett County over the past three months ending September 30 showed some decrease over the last report and was the least of the four checks during the past year. The report was received this week by the County Commissioners. The check was for \$14,087.91, \$5,000 less than for the previous amount.

The number of cubic feet produced in the period totaled 787,766,000, more than eight million cubic feet per day. The marketable gas was valued at \$201,255.67.

The gas company's check was the amount for the seven per cent tax on the marketable gas which was just \$6,570.30 less than for the previous 90-day period. The largest check received for any 90-day period was \$28,573.82.

The breakdown of the latest tax receipts showed \$5,635.16 as the purchaser's proportion of the tax (2.8 per cent) and \$8,432.75 as the producer's proportion of the tax (4.2 per cent).

Thirty-three wells were listed as producing wells at this time, one less than the previous report. Eliminated was a Miller well of Columbia Carbon company that

Beall Circus Date Changed To Tuesday

FROSTBURG—Earl F. Brain, principal of Beall Elementary and Junior High School, today announced the date of the school circus previously scheduled for next Thursday has been moved up to Tuesday at 7 p. m.

The move was made in order not to conflict with the annual firemen's Halloween parade and celebration.

According to Brain, plans are progressing for a bigger and better circus. There will be many types of entertainment such as: The house of horror, freak show, peep show, game rooms, country store, cake and candy sale, fish pond, talent show, movies and the old fashioned cake walk.

Roll Call Planned
The annual roll call of membership will be observed at the November 7 meeting of Calanthe Temple, Pythian Sisters, in the Junior Hall. It will include the observance of past officers night.

The following past officers will fill the chairs: Grace Thomas, presiding officer; Eva Blake, most excellent; Pearl Neilson, senior; Elizabeth Odgers, junior; Ruth Berkinbaugh, manager; Emma Martins, guard; Clara Walbert, protector; Juanita Henley, treasurer and Lona Engle, secretary. All officers are to wear white gowns.

At the planning meeting for the November observances, Pearl Neilson, grand senior, gave a report on the convention in Germania, District 4. Cleo Henry gave a report on the Forest Oak Temple in Gaithersburg.

Democrats Hear Talks At Rally In Westernport

WESTERNPORT — Duties of precinct workers in getting out the November 4 vote were explained at a Democratic rally last night in the Westernport Tea Room by William C. Walsh of Cumberland.

Also pointed out was the need for Democrats in the State Legislature. Louis J. Fatkin opened the meeting and Simon F. Reilly, county campaign chairman, presided.

Julius Schindler talked in behalf of the state ticket, and James Dundon spoke for John Foley, Congressional candidate. Approximately 70 attended the rally.

Man Held In Wife Slaying

TOWSON, Md. (AP)—Walter J. Ches, 40-year-old Dundalk refrigerator mechanic, faced a murder charge today in the slaying of his wife who, police said, had announced she wanted a divorce.

Police said the 37-year-old Auburn-haired woman apparently had been strangled. She also had a gash on her head and bruises on the face and knee.

Capt. Elmer F. Adams, chief of Baltimore County detectives, said the woman's first husband committed suicide several years ago.

The woman was found dead yesterday in the living room of the couple's home on Trappe Road in suburban Dundalk.

The short, slightly-built husband was charged with murder late yesterday.

A preliminary hearing was scheduled in Towson Police Court today.

CAN'T SWIM?—Mrs. Norma Jean Harkins, 20, an expectant mother who thought she couldn't swim a stroke, holds her 18-month-old son, James Jr., at a hospital in Fenton, Mo., after rescuing him yesterday from the Maramee River after he fell off a boat dock. The boy, in deep water about 25 feet out when his mother plunged in after him, was revived with artificial respiration. "I don't know how I got there and back," the mother said. (AP Photofax)

GOP To Rally Here Tonight

A rally will be held today at 8 p.m. at the Goodfellowship Club on Virginia Avenue by the Republican party of Allegany County.

Victor M. Hebb, a member of the committee, is in charge of arrangements for tonight's rally.

State Sen. Charles M. See will introduce members of the GOP County Committee and the various candidates.

Delegate Fred B. Driscoll will speak on behalf of the five other candidates seeking election to the House of Delegates. Delegate Driscoll then will introduce Thomas N. Berry, Noel Speir Cook, Estel C. Kelley, Lester B. Reed and David J. Williams to the meeting.

Also on the program will be County Commissioner William A. Wilson who will speak on behalf of himself, and James Orr and Simon W. Green who are seeking election to the Board of County Commissioners.

Deputy Sheriff Edgar M. Lewis will speak for Sheriff Edward R. Muir, who is seeking re-election. Former Chief Judge George Henderson will speak for the candidates who are seeking the statewide offices in the election November 4.

Cornerstone Ceremonies Set On Sunday

Afternoon Program Planned By St. Paul's Lutheran Church

St. Paul's Lutheran Church will lay the cornerstone of its new \$620,000 edifice at ceremonies Sunday at 4:30 p. m. on the old Rohman property site, Washington Street.

Speaker will be Rev. Dr. J. Frank Fife, Baltimore, president of the Maryland Synod of the United Lutheran Church in America, according to Rev. John F. Sammel, pastor.

Combined choirs of the church, numbering 60 voices, will provide music.

The former Philip Rohman property was purchased by the congregation some years ago for \$82,500. Actual contract cost for the church being constructed by George F. Hazelwood Company, is \$620,000. Mr. Sammel said. Ground was broken last Palm Sunday, the first floor of the building is almost completed and all steel work has been erected.

It is hoped the congregation can use the educational wing of the new structure by the time the present church on Baltimore Street is vacated in March 1959. The present church site has been purchased by the Darling Shops.

The new structure will not be dedicated for approximately one year. It is of Colonial-style in keeping with existing structures in the Washington Street area and will contain complete facilities for a full congregational life.

Charles L. Kopp, chairman of the building committee, and Mr. Sammel will officiate at the cornerstone laying assisted by William O. Douglas, president of the Hazelwood Company.

Items to be included in the cornerstone include a Bible, the church worship hymnal, Synod books and the United Lutheran Church in America yearbook, a list of the church membership, a list of members of various church organizations including: Boy Scouts, Girl Scouts, Sunday School, Men's Brotherhood, Lutheran League, United Lutheran Church Women, Acolytes Corps, Ushers Club, choirs and all other subdivisions of the church.

Various items published by the church including its paper, bulletin, plus pictures of the building program development and the Rohman property before it was razed will also go into the cornerstone, Mr. Sammel said.

Handicapped Contest Set For Students

Students in the 11th and 12th grades of Allegany County public and parochial schools have been invited to enter the annual state-wide essay and poster contests sponsored by the Governor's Committee to Promote Employment of the Physically Handicapped, according to State Sen. Charles M. See, chairman of the county.

Deadline for entries is December 15.

The essay theme is "Hiring the Handicapped in Our Town." First prize will be a four-year tuition scholarship to the University of Maryland and a \$100 Savings Bond. See said, adding that other prizes will be in Savings Bonds totalling \$150. The Maryland essay winner will compete on a national level for cash prizes totalling \$2,000.

The poster contest is also open to undergraduates of any college, university or art school and will deal with the theme "It's Good Business To Hire The Handicapped."

Poster contest prizes will be Savings Bonds totalling \$250. All entries should be mailed to the Governor's Committee, Room 903, 6 North Liberty Street, Baltimore. Poster entrants are urged to confer with art or English teachers at their respective institutions or to contact the committee if additional information is desired.

Although the poster contest is not national in scope, following the 1956 contest, the Governor's Committee decided to utilize the winning poster on billboards. Upon learning of this, the President's Committee ordered billboards for each state and territory. In this way, the winning Maryland poster for 1956 was seen along highways throughout the nation.

Foley To Attend County Rallies

John R. Foley, Democratic candidate for Congress in the Sixth District, will be in Allegany County next Monday and Tuesday.

Monday, Foley will speak at a rally at Frostburg at 8:30 p. m. and on Tuesday at 8:30 p. m. at another rally here.

AWOL Picked Up

Joseph D. Robinson, this city, was picked up yesterday by City Police as an AWOL from his Army base. He was turned over to military authorities for return to Fort Meade.

Andrew Chupek Sentenced To Three Months

Chief Judge Morgan C. Harris today sentenced Andrew B. Chupek, 35, of Jenner's, Pa., to three months in the House of Correction on a charge of manslaughter by automobile.

Chupek was found guilty in Circuit Court yesterday by a jury in an appeal hearing. Previously, Chupek had been sentenced in Trial Magistrate Court by Magistrate Morris Baron to six months in the House of Correction and fined him \$500.

Chupek was the driver of a car in which Frank Junior Mayhew, 34, of Piedmont, was a passenger last May 17 when the vehicle crashed about one and a half miles east of Westernport on State Route 135 between that town and McCoole.

Tawes Hurls Plank Issues At Devereux

Claims Opponent Broke Platform's Pledges 22 Times

By The Associated Press
The challenge of platforms and issues—familiar words in James Devereux's campaign—were back on his doorstep today at the invitation of his Democratic opponent for the governor's chair.

J. Millard Tawes declared the GOP congressman had broken his promise to the people by voting 22 times against planks of the platform on which he ran for office. Tawes said: "Now I certainly have nothing against party platforms. I stand on mine. Mr. Devereux stands on his; he thinks his is good. I think mine is better."

As Good As Candidate
"But party platforms are as good or as bad—and no better nor worse—than the candidate who stands upon them. Voters are concerned about stated principles, but they are more concerned about a candidate's dedication to those principles."

Meanwhile, the barrage of political charges filled the air Thursday like pellets on the first day of duck hunting season.

There were predictions from Democrats that things were looking rosy for their side.

Former Democratic senator and governor, Herbert R. O'Connor gave a warm endorsement to U. S. Senate candidate Thomas D'Alessandro.

And Devereux compared Tawes to Dr. H. C. Byrd, the 1954 Democratic candidate for governor, as one who shows "the same lack of concern for the rights of the public."

In a lengthy statement released at his Baltimore headquarters, Tawes ticked off a list of ways he claimed Devereux had broken faith with the Republican platform.

He said that in 1952, Devereux promised to support "an expanded conservation program but voted in the House of Representatives to reduce agricultural conservation payments."

In 1955, Tawes said, the congressman ran on a platform which promised "to insure that every child has the educational opportunity to advance to his own greatest capacity" but voted to cut Office of Education funds intended for research on the education of retarded children.

The Democratic candidate said Devereux voted to cut funds for grants to states for unemployment compensation in 1956. This, he added, was reneging on a platform plank which promised to strengthen and improve federal-state employment service and the unemployment insurance system.

"Welshed" On Promise
Tawes also said the former active Marine Corps General "welshed" on his party's promise in 1956 to give veterans "adequate opportunity for readjustment" when he voted to cut funds for the Bureau of Veterans Re-employment Rights.

Tawes, D'Alessandro and other Democratic candidates enjoyed a big dinner party of some 500 persons at the Baltimore convention of the United Democratic Women of Maryland.

D'Alessandro told the gathering, "We have been insulted and have been lied about by the Republicans."

Then, exuding confidence he added, "That spells only one thing. They're going wild. We've got them on the run."

Tossing a barb at Republican Sen. J. Glenn Beall, D'Alessandro said if his opponent is reelected it will mean three senators for Texas and leave only one for Maryland. D'Alessandro referred to what he termed Beall's backing from oil and gas millionaires in the Lone Star State.

Meanwhile, in Annapolis Dr. Clarence Long passed along the tip that gamblers were laying six to one odds that Tawes would be elected Nov. 4.

Long, Johns Hopkins professor who lost in the Democratic senatorial primary, was pinching his lips for Tawes, who was originally slated to appear with Devereux before the League of Women Voters.

Devereux snapped back to the audience, "You go to the betting places and get one of those six to one bets. They appear to be pretty good odds."

FSTC STUDENTS RENT ROOMS—State Teachers College at Frostburg is faced with a shortage of dormitory space. As a result, 29 students rent rooms in private homes in the Mountain City. Living off-campus at residences are, left to right: Front row—Betty Foy, Crellin; Wendell Bowman, Meyersdale; Frances Baus, Hyattsville; John Mills, Carol Sanders and Linda Schwalm, Cumberland; second row—Allan Fisher, Cumberland; Donna Logsdon, Hyndman; Linda Viands, LaVale; Colleen Nies and Marguerite Jobe, Cumberland; James Richardson and Jack Fisher, Cumberland; third row—Michael Carney and Peter Cruikshank, Cumberland; Joseph George, Centerville; Richard Marriott, Paul Flynn and Herbert Diehl, Cumberland. Ten other students reside in private homes.

Hard Surface Being Sought For Roadway

The Allegany County Board of Commissioners today received a letter from Robert O. Bonnell, chairman of the State Roads Commission, pertaining to a request for hard surfacing on Lower Town Creek Road.

Bonnell explained in the letter that the matter had been turned over to him by Gov. McKeldin after the latter had received a request from a resident on the roadway. Mrs. Thomas A. Wilson, who wrote Gov. McKeldin, stated that some of the roadway had been hard surfaced and it had been expected additional work to continue from year to year.

Mrs. Wilson said that nothing had been done in regard to hard surfacing the road since 1950, when the last section was completed. In his letter to the county commissioners Bonnell explained that he has notified Mrs. Wilson that the SRC has no jurisdiction in the matter as the road is a part of the county system.

A request was also received by the commissioners from C. S. Rogers, who resides on Oak Terrace in LaVale, asking that the roadway be shaled. Rogers said he is willing to grant rights of ways so that the road can be connected with U. S. Route 40 near the Pen Mar Motor Company building.

The matter was turned over to Harry Skelly, roads supervisor.

Brownie Scouts Elect Officers

Brownie Scout Troop 42 of St. Peter and Paul Church elected officers at a recent meeting. Elected were Jane Reinhart, president; Shawn Geatz, vice president; Ann Scully and Cindy Perry, vice presidents; Debbie Perry, secretary; and Sheila Ketter, treasurer.

Charlene Rohman and Karen Soethe were named Juliette Low representatives; Kathy Zimoski, Pamela Lindsay, Sheila Ketter and Margaret Sullivan, song leaders. Selected as patrol leaders were Kathy Young, Patricia and Barbara Malachowski.

Members recently took a trip to a local dairy and have made plans for a Halloween party. Leaders of Troop 42 are Mrs. Z. P. Zimoski, Mrs. James Lindsay and Mrs. William Rohman.

A new troop was formed recently at the church with Mrs. George Garlitz and Mrs. Edward Wildes as leaders. This new unit will be guest of Troop 42 at the Halloween party.

Social Security Change Starts Jan. 1

Adjustments in the benefit scale of the Social Security Act will become effective next January 1, according to James A. Gwynn, manager of the local office, who said the increases were made because of changes in the national economy.

Benefits under the law are intended to replace in part loss of income brought about by death, disability or old-age retirement, Gwynn explained. For this reason, he continued, they are related to the average earnings of workers coming under Social Security provisions.

An across-the-board increase was voted by Congress since wages had increased approximately 12 per cent since 1954, when the last previous increase in benefits went into effect, Gwynn said. Prices had gone up about eight per cent in that same period.

The benefit increases for retired workers amount to about seven percent over the levels provided in the old law, Gwynn said, with a minimum increase of

Report Filed On Operation At Swim Pool

Constitution Park swimming pool although operating seven less days this year because of inclement weather, almost equaled last year's mark financially.

A report by C. Eugene Mason, recreation director, shows the pool was open 74 days between Memorial Day and Labor Day compared to 81 last year. There were 21,094 tickets sold and \$4,732.10 in admissions.

This compares with 26,522 admissions in 1957 with a total admission of \$4,768.30. There were 5,428 fewer tickets sold as compared with last year while cash receipts dipped by \$36.20. A revision in the age limit for children accounted for the good financial showing despite the attendance drop.

Adults accounted for 7,840 of the admissions and \$2,744. There were 13,254 children's tickets sold which accounted for \$1,998.10.

July 4 was the busiest pool day with 846 admissions. This was followed by 654 on July 6 and 643 on June 1.

Penn Avenue ball field showed an increase in both tickets sold and receipts. From June 12 to August 14, the field was operated 36 days with 2,615 tickets sold and receipts of \$677.55.

Last year there were 2,204 tickets sold and receipts of \$553.65.

This year's admissions included 1,902 adults and 713 children. June 18 was the best ticket sale day with 123 followed by 106 on June 16.

Ridgeley Group To Collect Toys

The Teen Club of the American Legion Post in Ridgeley is sponsoring a toy collection for needy children of the community this Christmas.

Police Chief Jack Cornett said that larger type toys are being sought which can be painted and repaired in time for distribution at Christmas. The chief said wagons, bicycles, doll carriages and beds and similar toys which can be repaired are needed.

Anyone wishing to donate toys can bring them to police headquarters in Ridgeley, according to Chief Cornett.

Editor's Note—This is the third in a series of four articles dealing with Frostburg State Teachers College, its peak enrollment, future needs and recreational program.

By P. WILLIAM MACKERT
Evening Times Staff Writer

Frostburg State Teachers College needs two new dormitories, one of which could be filled today due to the all-time registration at the school.

Classroom space, too, has become limited and the dining hall is overcrowded. Residence halls are overflowing, causing 29 students to pay rent at private homes. Sixteen others are commuters.

Needless to say, college officials are aware that additional buildings must be provided for as rapidly as the governor, Legislature and taxpayers can move.

Classrooms In Sight
The six rooms of the Laboratory School on the campus, with some renovations, will be available as classrooms as soon as elementary children move to their new \$500,000 building currently under construction.

The college is working untiringly for funds for new dining quarters to seat 400 students at one sitting. Plans for the new \$773,358 Gunters Hall are in the hands of the Department of Public Improvements, pending bids.

This building will also contain offices and rooms to house organizations. The structure site is the tennis court area between Lowndes Hall and Simpson Hall.

Efforts are being exerted to secure funds for a third women's residence hall, President R. Bowen Hardesty pointed out. The college also acknowledges the urgent need for a second men's residence as it faces another anticipated record enrollment next September. Campus personnel includes 120 men and women.

Letter To Board
In a letter to Joseph Meyerheff, chairman of the Maryland State Planning Commission, Hardesty stated:

"To accommodate this influx of students (705), Frost Residence Hall has 36 students beyond its capacity; Simpson Hall, 8 beyond its capacity; and Allen Hall, 8 beyond its capacity. This means that we have been forced to revert to our old policy of putting as many as four students in some rooms which creates undesirable study habits; closet space for clothes is a real problem for four students to a room constructed with only two closets. Small living rooms in dormitories are being utilized as bedrooms. Twenty-nine students, women and men, have been placed in town to room. Students as far distant as Oakland, 59 miles over dangerous mountainous roads, are currently commuting in order to be in college. Regardless of our policy to admit Cumberland, Mt. Savage, and Westernport to residence due to dangerous road conditions November 1 to May 1 over mountains, by pleading with many of these families, their children are currently commuting with hardship. In other words, if we today had this proposed women's residence hall, it would be filled with students unable to commute because of mountainous road conditions, lack of personal automobiles, and limited public transportation in this area."

"You will recall that you approved a year ago \$8,000 for preliminary plans for both a men's and a women's residence hall for us. However, before your recommendation actually reached Legislature, the \$8,000 was removed due only to the fact that blueprints for our current residence halls can be used."

As outlined above, our need for this women's residence hall a year ago, I am writing you our actual predicament as it exists today for fear that construction money for this women's residence hall early in 1959.

At present, only earnings up to a total of \$4,200 in a year can be credited to a worker's social security account; beginning with 1959, earnings up to \$4,800 in a year will be credited to a social security account. The largest monthly benefit payable to a retired worker with average yearly earnings of \$4,800 will be \$127. However, this maximum benefit cannot be reached for several years, Gwynn explained.

Along with the increase in benefits will come an increase in social security taxes, he pointed out. Beginning with January, employed persons will have one-fourth of one per cent additional taken out of their pay; the tax rate will be 2½ per cent each for employee and employer. The rate for self-employed people will go up from 3 ¾ per cent to 3 ½ per cent on their 1959 net earnings. The old rate, however, will apply to self-employment earnings for 1958 which must be paid before 1959.

Schools Get \$8,356 From Deceased Man

A provision in the state law pertaining to the estates of persons who die without making a will and who have no known survivors has resulted in the public school system benefitting to the extent of \$8,356.

Gorman E. Getty, attorney to the Allegany County Board of Commissioners, today explained to the board the case in which a local man died without leaving a will and without any known survivors.

He was Alfonso Bengasi, a native of Italy who died some time ago. Felix Caporale, city, a friend of the deceased was administrator of the estate.

When the matter was taken into Orphans Court it was found that Bengasi had not left a will. An effort was made to determine if he had any relatives. The Italian consul was contacted and after a thorough check into Bengasi's background in Italy it was found he had no survivors.

Getty explained to the commissioners today that the money in Bengasi's estate goes to the county, but the funds can not be commingled with other county funds. The procedure is for the county to send a check to the Board of Education for the entire amount, as provided by the state law in such cases.

Gas Firm Wins Driving Award

Drivers for the Cumberland and Allegany Gas Company have helped the firm capture its second safe driving award, according to C. C. Robbins, manager, who said the C&A drivers helped win the championship for the Pittsburgh Group Companies of the Columbia Gas System in 1956, and placed second in 1957.

The winning low accident frequency rate posted by the gas firm drivers was .76 per 100,000 miles, Robbins explained, adding that the national average was 1.49 accidents. The winning record in 1956 was .96 per 100,000 miles.

Robbins said gas company drivers operated 1,100 vehicles a total of 13,275,000 miles during the period from July 1, 1957, through June 30 of this year.

Comprising the gas firm's safety committee are Ernest Painter, Arthur Bland, Robert Shipley, Leon Kelly, Charles Twigg and George Sachs.

No Progress Reported In Glass Plant Strike

CLEVELAND, Ohio (UPI)—Negotiations in a strike of 25,000 workers at plants of Pittsburgh Plate Glass and Libbey Owens-Ford Glass companies went into their third day here with no appreciable progress reported by either side.

Leland Beard, first vice president of the union, said today that he had no statement to make on the progress of negotiations. There was no statement from either of the companies.

Rep. Hyde To Attend Event At Lonaconing

Rep. Dewitt S. Hyde of the Sixth District will attend a shrimp feast at Lonaconing next Friday at 8 p. m., according to an itinerary released by the Republican candidate today.

PTA Supports Fitness Plan For Students

Program Designed To Fight Trend Towards Softness

The Parent-Teacher Association of Columbia Street School has adopted a resolution favoring the physical fitness program which Robert E. Pence, supervisor of physical education, plans to introduce in the county school system.

Pence was authorized to institute the program by Ralph R. Webster, superintendent of schools, after a pilot study disclosed that 56 per cent of the school children in the county were unable to pass a physical fitness test involving six simple exercises.

The resolution adopted by the Columbia Street PTA takes notice of the fact that technological advances in recent years have eased the amount of physical activity needed by youth in everyday living, thereby producing an adverse effect on the general fitness and health of today's youth.

Sedentary Living
The association pledged to see that students at Columbia Street would get from two to four hours of vigorous physical activity daily, preferably outdoors, in an attempt to combat the trend towards "softness" caused by sedentary living.

The resolution has been accepted by the Allegany County Council of Parents and Teachers and referred to its executive board for action.

Pence said the six exercises used in preparing the pilot study are known as the Kraus-Weber tests of minimum muscular fitness and are designed to meet a minimum standard required for general health and survival in the event of an emergency.

Four of the exercises, he explained, were done by pairing students, while the other two required no assistance. The pairings were made so one student could hold the other's legs to the floor while doing torso exercises, or holding the torso down while doing leg exercises.

Exercises Explained
The six exercises, Pence continued, consisted of raising the torso from the floor to a sitting position with the hands clasped behind the neck, doing a similar exercise with the knees bent, raising the heels 10 inches off the floor with the hands behind the neck and the knees held straight, and holding the position for 10 seconds.

Raising the head, chest and shoulders off the floor while face down and with a pillow under the abdomen and holding the position for 10 seconds, raising the legs off the floor from a similar position with the hands under the face, and the familiar exercise of touching the floor with the fingers without bending the knees. The latter position was to be held for three seconds, Pence said.

Despite the simple tests, more than 56 per cent of the students tested failed to complete them satisfactorily, Pence stated. This is in marked contrast to tests conducted in Europe where only 0.3 per cent of the school children tested failed in the same physical fitness exercises.

Pence continued that parents and teachers will be asked to help implement the program once it is instituted in the county system. Parents, he explained, will be asked to supervise "home work" on the exercises and also to see that their children spend some period of time in outdoor play.

Degree Work Planned By RAM

Salem Chapter 18, Royal Arch Masons, will hold its first fall festival (tomorrow starting at 9 a. m. at the Masonic Temple, according to Thomas S. Gifford, most excellent high priest.

During the morning session, the lodge will put on the mark master, past master and most excellent master degrees.

The festival will resume at 1 p. m. at the picnic grounds at Ali Ghan Shrine Country Club.

During this outdoor ceremony, the royal arch degree will be conferred.

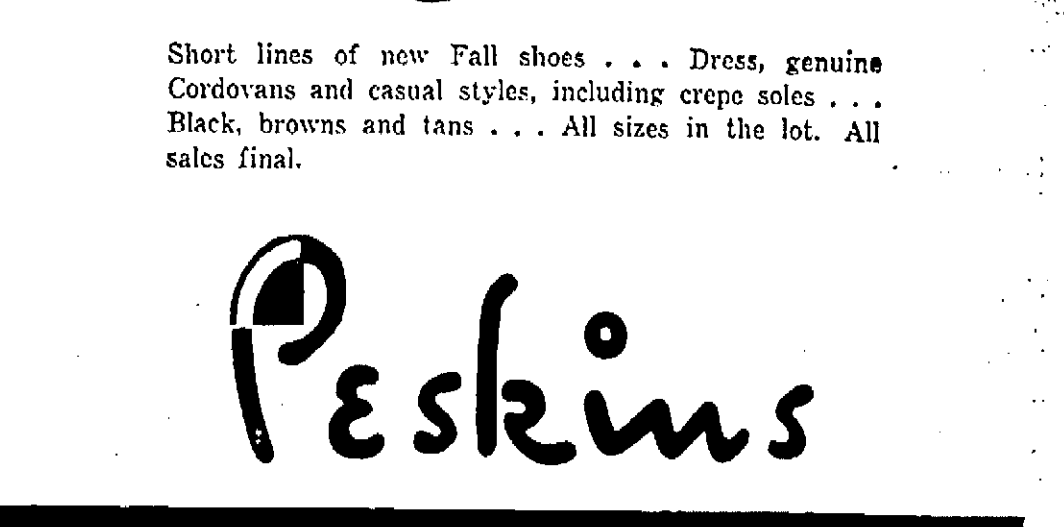

Following the conferring of the royal arch degree, a chicken dinner will be served.

If the weather is not good, the royal arch degree will be conferred at the Masonic Temple.

Post Has Booklet On Scholarship Aids

Knobley Mountain Post 136, American Legion of Ridgeley, has on hand a publication that lists the various kinds of scholarships that are available to children of veterans, according to William C. Knieriem, post commander.

The guide, Knieriem added, also lists other educational aids that have been made available to those who wish to attend college. The booklet is available to students, parents and school officials, the post commander said. Knieriem is a member of the education and scholarship committee of the Legion's West Virginia Department.

Billy Meyer Given Assist By Murtaugh

By ARNOLD ZEITLIN

CHESTER, Pa. (AP) — In the midst of congratulations over his selection as The Associated Press Manager of the Year, Danny Murtaugh remembered another Pittsburgh manager today.

"Bill Meyer helped me an awful lot," the sharp-featured, 41-year-old Pirates manager said at his home here. "Toward the end of my career, I got to thinking about wanting to be a manager. Billy would let me sit next to him on the bench. He gave me all sorts of advice, told me why he did things."

Best Since 1944

"Bill was a good baseball man," Murtaugh, former second baseman, who never played for a major league team that finished higher than fourth place, was named Manager of the Year Thursday for his feat of leading the underdog Pirates into second place in 1952.

The 84-70 finish, eight games behind the pennant-winning Milwaukee Braves, was the Pirates' best since 1944. They finished in a tie for last place in 1957. It was Murtaugh's first full season as manager. He succeeded Bobby Bragan Aug. 3, 1957.

The stocky, 5-foot-9 manager played for the late Meyer in 1948, when the Pirates finished fourth and Meyer was acclaimed Manager of the Year. It was the only time in seven full seasons with the Philadelphia Phillies and the Pirates that Danny played on a first-division club. He played briefly for the Boston Braves in 1946.

Started At New Orleans

Murtaugh started his managing career with New Orleans of the Southern Assn. in 1952.

He received 149 votes in The Associated Press poll of sports writers and sports broadcasters. He became the first manager to be chosen in competition with managers of both leagues. Previously, the Associated Press poll selected one manager in each league.

Bill Hickey, of the third-place San Francisco Giants, was second to Murtaugh with six votes. Fred Haney of Milwaukee and Casey Stengel of the championship New York Yankees each collected five first-place nominations. Lopez received four, Jimmy Dykes, who finished the season at Cincinnati, Harry Craft at Kansas City and Joe Gordon, who completed the year at Cleveland, one each.

Montgomery Host To Cats

CHARLESTON, W. Va. (UPI) — Touted West Virginia Tech clashes with defending champion Fairmont Saturday at Montgomery in the feature of a four game week-end schedule for West Virginia Conference teams.

Other league games find Davis & Elkins at Concord, West Liberty at Wesleyan and Salem-Glenville at West Union.

Non-league encounters include Anderson, Ind., at Bethany, Shepherd at Newport News, Va., Morgan State (Baltimore) at West Virginia State and Potomac State at Montgomery Junior College, Silver Spring, Md. Potomac State has won one, lost three and tied one.

The Tech-Fairmont clash is a make or break affair for both teams.

Tech's winning streak was snapped at four last week when it lost 20-14 to Shepherd. Fairmont tied Shepherd 7-7 and then racked up four straight victories.

The Falcons won the league title last year with seven straight triumphs, but they did not play Tech.

Figures compiled under the conference's rating system show that Shepherd is first and Fairmont second. Tech is fourth.

about 18 times a game. His average this season is 11.

But his gain per carry is about the same. In his first season, it was 4.5 yards. At present, it's 4.3.

The defenses of both teams will be put to stiff tests Sunday. The Colts have given up the least points, 84, in their Western Conference while the Redskins hold the same honor in the Eastern with 71 in their two victories and two defeats.

Washington Fans Snap Up Tickets

WASHINGTON (AP)—Washington Redskins rooters are snapping up even those tickets which may not allow them much of a chance to see the Skins' blood battle with the Baltimore Colts.

Seats are in such demand at Baltimore, where this thrilling NFL rivalry will be renewed Sunday, that the Colts could spare only 2,000 or so tickets for sale here. The last 200 were stamped "obstructed vision." Nonetheless, a mere 25 were left this morning.

Japanese All-Stars Bow To Cards, 5-2

TOKYO (AP) — The St. Louis Cardinals rocked Japan's All-Stars 5-2 with a big assist from Don Blasingame in the opener of a 16-game tour of Japan today.

Blasingame blasted three hits that produced two runs to help break up an otherwise close contest against Japan's best professional baseball stars.

Stan (The Man) Musial went hitless in four tries.

West Virginia Plans Changes For VPI Tiff

RICHMOND, Va. (UPI) — It will be like old home week when the West Virginia University football squad goes after its 26th consecutive Southern Conference victory against VPI here Saturday afternoon.

At least two West Virginia boys will be in the Gobblers' starting lineup and several more will be sitting on the bench for the 1:30 p.m. e.s.t. kickoff.

The biggest threat is quarterback Billy Holsclaw of Charleston, second in the nation in total offense and the cog that makes Coach Frank Moseley's split-T offense go.

The other Mountain State starter in the 10th annual Tobacco Festival engagement is junior guard Duncan Holsclaw, a 201-pound junior also hailing from Charleston.

Along with this pair, Moseley has linemen Ed (Barty) Barturg and Rod McGinnis, both of Charleston, quarterbacks Charley Blankenship of Bluefield and Warren Morris of Roncove, and a center Ricky Tolley of Mullens.

Both teams are on the rebound this week. West Virginia from a 15-8 thriller at Pitt and VPI from a 28-0 loss in the mud to Florida State at Tallahassee.

The game was to have been telecast regionally, but these plans were canceled.

Art Lewis has indicated he will have four changes in the West Virginia lineup in an effort to snap the four-game losing streak that started with the 47-14 shellacking from Oklahoma.

"Pappy" said he would use Bruce McClung at an end, Pete Tolley at tackle, Dave Rider at one halfback and Noel Whipkey at full. They replace Tony Tallico, Dick Guesman, Mel Reight and Bob Benke.

West Virginia will have only a one-pound edge per man in the line against the young but hefty Gobblers but will be some 10 pounds heavier in the backfield.

The Mountaineers arrived here today in two chartered airliners and had a workout scheduled this afternoon at the city stadium, site of Saturday's tussle. They will return to Morgantown Saturday evening.

Grant To Ride Aussie Champ

LAUREL, Md.—Young Howard Grant, one of America's top jockeys, has been engaged to ride the Australian champion, Sailor's Guide, in the \$100,000 Washington, D. C. International at Laurel, where racing begins next Tuesday.

Trainer J. Bowes Bond, the Towson horseman who is conditioning Sailor's Guide for the big November 11 race, personally selected Grant as his rider, even though he might have gotten a more experienced hand or a more illustrious name.

Grant is currently the second leading rider in the country behind Willie Shoemaker, scheduled to be aboard Clem, the American representative in the International.

Heavy Card

(Continued from Page 12)

A 2-10 log and a 4-2 for the campaign. The Sentinels are unbeaten in six attempts with the one tie game.

Ridgeley and West Virginia Deaf will both be putting win streaks on the line with the Lions also hoping to preserve their undefeated mark. West Virginia Deaf, playing four PVC foes, can assure itself of at least a tie for the crown with a triumph.

The Lions have beaten three league elevens while posting a 5-4 mark for the season. Ridgeley, after dropping successive games to Berkeley Springs, 8-7, and defending-champion Keyser, 21-6, has come back with triumphs over Petersburg, 14-12, and Romney, 43-7, for a 4-2 PVC record and 5-2 overall.

Only one CVAL tilt is carded tonight and it has no bearing on the race as Frederick is host to winless South Hagerstown. The Cadets are 0-2 in the league while the Rebels have yet to win in three tries.

Martinsburg has an out-of-the-loop clash with Charles Town as the Bulldogs go for their second win in seven attempts. Tomorrow afternoon, Northern of Accident is invaded by Berlin. The Huskies are winless in five outings.

Tebbetts Apt To Be Next Brave Prexy

By RAY W. DOHERTY

United Press International

MILWAUKEE (UPI) — George (Birdie) Tebbetts, who claims he's no longer "funny and facetious," is likely to be the next president of the Milwaukee Braves "within about two years."

The current president, Joseph Cairnes, made that prediction Thursday when he along with other members of the Braves' official family introduced Tebbetts to newsmen at a luncheon.

Cairnes said Tebbetts, who now is executive vice president, will be running the club when Cairnes is in charge. And eventually, possibly two years, he may be the president of the ball club.

Cairnes said, "because my duties will require that I be in Florida fulltime."

Cairnes, General Manager John Quinn and Tebbetts went to great lengths to disprove any reports of discontent in the Braves' front office because of Tebbetts' giant stride from manager of the Cincinnati Reds to "their apparent" to the presidency of the Braves.

Quinn said he was content in his job and didn't feel bypassed by Tebbetts' hiring. "I don't care about titles, I'm interested in winning," said the man credited with putting together the squad that has won two straight National League pennants and a World Series.

"We're happy to have Birdie Tebbetts with us. He's a very capable fellow," said Quinn.

Cairnes said Tebbetts' 25 years as a manager and player will be a great asset to Quinn. He said the two men will work as a team.

Tebbetts said he will work side-by-side with Quinn and he once again emphasized that at the present time he has no desire to ever again manage a baseball team.

Keyser's Jayvees Lose To Southern

The junior varsity football team of Southern High School rallied in the last quarter to hand Keyser's Jayvees a 13-12 setback yesterday at Keyser.

The Oakland gridders were 12-0 behind going into the last quarter when the spurge began. Fumbles have paved the way for Keyser's two touchdowns in the "first period."

Southern won the uphill battle when Johnny Beckman scored twice, once on a pass from John Prince that covered 50 yards and again on a 30-yard dash. Prince ran the extra point that decided the issue.

NBA Champions Open With Win

By United Press International

The two defending champions got off winging in the new National Basketball Association campaign.

The St. Louis Hawks, last season's playoff winners, opened their season Thursday night with a 104-103 victory over the Detroit Pistons on the Hawks' home court.

George Yardley, the 1957-58 league scoring champion, tossed in 28 points for the Pistons. Bob Pettit led the winners with 23 points.

St. Louis held a 100-83 lead with four minutes remaining but the Pistons outscored their rivals 20-4, in the stretch to make it close.

Science Program About Mind Like Aspirin Commercial; 'Playhouse 90' Makes Honest Stumble

By WILLIAM EWALD
United Press International
NEW YORK (UPI)—I waited for almost 40 minutes Thursday night for the "B's" to beat the human senses.

"A's" before I discovered wasn't watching a TV aspirin commercial after all.

Nope. It was a spectacular. A one-hour NBC-TV science spectacular. It was called "Gateways to the Mind" and dealt with the human senses.

It was a simplified explanation of the human senses. I can't think of anything more complicated than simplified explanations done with cartoons. Just like those aspirin cartoons, this one had arrows and blobs and zigs and zags zooming in and out of eyes and ears and noses while little men ran around pulling switches inside pictures of heads.

There was a lot to learn from all this and I tried to learn it all—for example, that an alligator has an extra eyelid, that light from strawberries stimulates the retina, that buzzing bees stimulate the ear, that pictures of jellyfish on color TV stimulate nothing except possibly their jellyfish, that the falcon has a keen eye and fish taste all over their bodies.

Round & Square DANCE SATURDAY NITE
Music By MELODY RAMBLERS STRING ORCHESTRA

The question is whether it was worth spending a TV hour learning all this. I suspect the answer is no.

I suspect, too, that "Gateways to the Mind" may have taken this young season's cake for offensive cuteness with a script that featured actors masquerading as deranged folk names as "Bill" the property man and "Fred" the play, "Shadows Tremble," by electrician. And also, I might add, an im probable character dweller who encounters hos-

tility when he moves to Vermont and tries to put down roots.

Some of the lines were simply terrible—self-conscious, awkward and kind of bumbling around the edges of unrhymed iambic pentameter or as they call it in im-polite circles, blankety-blank verse. However, there were a few sections that soared a little. The play itself was meaty, but had the look of a piece that hadn't been worked on long enough.

Edward G. Robinson, Beatrice Straight, Ray Walston and Frank Conroy were the principal players and all turned in creditable jobs, particularly Walston.

is getting an overhaul starting Nov. 1 when the whole show will emanate from remote locations such as Annapolis, Md.; Washington; Cleveland and Miami Beach, Fla.

ABC-TV will launch a new show, "Alcoa Theatre," in a Tuesday night spot early next year—it'll be a half-hour filmed show dealing with the supernatural with John Newland as narrator. . . . Bob Welch, producer of NBC-TV's "Thin Man," will shoot a movie, "The Thieves of Port Lablanc," next spring with Peter Lawford as star.

Raymond Hernandez of Antioch, Ill., bit her husband's hand while trying to eat a pie he was holding—he required first aid to stop the bleeding. . . . Buddy Hackett is taking a vacation from the CBS-TV "Jackie Gleason Show" tonight. . . . Beverly Ross won't be on CBS-TV's "Your Hit Parade" tonight as scheduled because of illness.

Home Ec Teacher Guide Compiled

A 72-page clothing curriculum guide which will be used in teaching that phase of home economics in public schools of Allegany County has been completed after three years of work by a group of home economics teachers headed by Miss Ruth C. McColly, supervisor.
 The guides were distributed during a meeting of home economics teachers in the Board of Education building Wednesday night.
 Goals for the year were discussed at the meeting. Miss McColly said four committees were set up to further curriculum work in food, child care, management and family relationship.
 Assisting Miss McColly in completing the guide were Mrs. Jane Fulk, Miss Marie Richmond, Miss Joanne Sterbutzel, Mrs. Florence Hohing, Mrs. Laura Taylor, Mrs. Lelia Garrett and Mrs. Eleanor Weber.

Frostburg State

 hall might be overlooked as your final recommendations for the State take shape.

Pleads For Money

"I am sure I speak for the many inconvenienced people of Western Maryland's only college in pleading the cause of construction money for a women's residence hall (\$362,000) and a dining hall (\$536,000) for which detailed final blueprints are ready today in the office of Department of Public Improvements. Both are needed to alleviate undesirable overcrowded conditions which exist today and can only grow worse as enrollment increases again next September.
 An official recapitulation of dormitories on the campus shows:
 Housing in dorms, 312; renting in city, 29; commuting until November 1 when roads become treacherous, 16; total capacity of three dorms, 266 and campus housing needed for 91.
 Plans for 1959 include: "Addition to campus school, \$117,406; women's dorm, \$362,000; men's dorm, \$362,000; site improvement at lower campus, \$145,000; site improvement at dining hall, \$50,000; remodeling of old dining hall, \$99,500; remodeling old building to maintenance, \$75,000; addition to science building, \$198,600; remodeling of old campus school, \$31,000; renovate ground floor, Old Main \$25,800."

The First Baptist Church in Providence, R.I., is the mother congregation of Baptists in the United States.
